

HIPPOCRATES JEMSTAT DIVERT STATUS DEFINITIONS

| Status Name | Description | Default Duration (hours) |
|--|--|--------------------------|
| Divert - Adult Emergency Department | The hospital adult emergency department cannot accept any additional patients transported by ambulance. | 2 |
| Divert - Critical Care | No intensive care unit (ICU) beds or critical/coronary unit (CCU) beds are available. | 4 |
| Divert - Facility | Hospital cannot take any patients due to fire, power outage or an internal disaster, etc. | 2 |
| Divert - Full/Total | The entire hospital, including the ED, is unable to admit any additional patients (ambulance, walk-in emergency, critical care, general admission). | 4 |
| Divert- All-Adult/Peds Emergency Depts | The hospital emergency department cannot accept any additional patients transported by ambulance. | 2 |
| Divert- Trauma Fly By | Used when a trauma center is unable to accept trauma patients via air medical, but are still open for ground patients. The reason must be documented in the comment section. | 2 |
| Divert-Pediatric Emergency Department | The hospital pediatric emergency department cannot accept any additional patients transported by ambulance. | 2 |
| Divert-Specialty Services | Ambulances carrying patients requiring specialty services (psych, obstetrical, pediatric, substance abuse, etc.) must be diverted. For example, a hospital would go on pediatric divert if it was unable to admit any pediatric patients. Burn patients should never be diverted from a burn center and trauma patients should never be diverted from a trauma center. | 4 |
| Divert-Trauma | Used when a trauma center is unable to accept trauma patients. The reason must be documented in the comment section. | 4 |

REASON DEFINITIONS

CT Scanner Down
 Epidemic Outbreak
 Equipment Failure
 Exercise/Drill
 Helipad Down Cannot accept air medical patients
 Internal Disaster
 Natural Disaster
 No Cath Lab Facilities
 No Open OR
 No Pediatric Services

No Psychiatric Services
 Patient Volume
 Power Outage
 Reduced Staff
 Trauma Center Only - No Beds
 Trauma Center Only - No Helipad
 Unable to Provide Full Neuroscience Services
 Weather Conditions
